CROATIA

Croatia's scenic Adriatic Sea coast is scattered with more than a thousand islands. Some are entirely covered with lavishly green vegetation; others mainly consist of impressive rock formations.

Some of them are uninhabited; others have emerged into vibrant party centres buzzing with hospitality and entertainment. However, one thing they all have in common is that they are exceptionally beautiful.

You will hop from one gorgeous blue bay to the other. You will dive in the clearest waters and enjoy the warmth of local hospitality in the picturesque island towns.

The Croatian cuisine is pure and down to earth, dominated by fine meat and freshest fish. Make sure you have enough time to explore amazing hidden outdoor bars with sunbeds scattered over impressive rocks. Enjoy a refreshing drink whilst listening to some relaxing tunes playing in the background. Life is good!

Take your time to explore this UNESCO World Heritage Site with its beautiful marble streets, the old harbour and impressive churches. The ancient walls that were built to protect the city from intruders are wonderfully preserved and exude the history of the rich Byzantine Empire. The sense of awe never fails to descend when you set eyes on the beautiful old town.
