Navigare Yachting is the world's leading premium yacht charter operator with more than 300 yachts at 9 destinations worldwide. We recently opened up our new base in Palma de Mallorca.

Join us for a VIP information meeting where we will tell you all about us and our business.

Investing in a yacht in warm waters is a lifestyle beyond the usual. A unique and flexible form of yacht ownership, where all service and maintenance is taken care of.

- But how does it actually work?
- Can I choose where to sail?
- Are there different types of investment programs?

We will answer all your questions during our upcoming VIP information meeting and mingle!  
We will present special offers that will only be available for those joining the VIP-meeting.
