

Navigare Yachting – Mallorca Itinerary 2

The Balearic Islands have everything you could want in a yacht charter vacation: warm and welcoming weather, amazing clear waters teeming with marine life, luxurious white sand beaches, and the endless variety of dining & entertainment options you expect from one of the world's true five-star destinations.

A Mallorca yacht rental holiday is your chance to live the dream, and Navigare Yachting is here to make it happen for you!

DAY 1: Palma de Mallorca to Cabo Blanco and Es Trenc

Setting out eastward from the marina at Palma, sail for Cabo Blanco, a gorgeous resort town perched in scenic hills above the sea. A brilliant white sand beach shelves gently into the water and the view is spectacular. Es Trenc is a bit further up the coast. It's a calm natural harbor with an isolated and spacious beach, not attached to any resort developments. With 2km of warm golden sand and crystal clear water, Es Trenc is one of Mallorca's premier relaxation destinations.

DAY 2: Es Trenc to Cabo Salinas and Porto Colom

Cabo Salinas is at the center of a long and lovely stretch of sheltered coves, hidden beaches, and stunning cliffs along Mallorca's eastern coast. The vistas here are both dramatic and soothing, with tropical maritime scenery that feels pulled from a film. Porto Colom is a small fishing village of pastel cottages and cobbled streets. Venture inland to explore caves, hike the gently rolling hills, or visit the Santuari de Sant Salvador, an historic pilgrimage destination.

DAY 3: Porto Colom to Porto Cristo

This area is called the Calas de Mallorca, "the Coast of the Coves." The crystal clear waters are perfect for swimming and snorkeling, or just sun yourself in the unbelievably pleasant weather of Mallorca's east coast. Porto Cristo's terrace restaurants overlook the bay, with wide views of sand and sea. The famed "Dragon Caves" are a nearby attraction popular with hikers and nature explorers.

DAY 4: Porto Cristo to Cala Formentor

Situated along the northern tip of the island, Cala Formentor is one of the region's most beautiful and stirring locations. Rugged mountains clad in pine and brush march down to the sea, where a long strip of pristine sandy beach beckons you to lounge and play in the sun. Several bars and restaurants offer cozy dining & entertainment options to while away the long

summer hours.

DAY 5: Cala Formentor to Sa Calobra

Sailing now down the northwest coast of the island, Sa Calobra is a small bay and a very scenic string of pebbly beaches, with several restaurants and bars along the way. Small tunnels under the hills link the beaches and the area is also fun to explore while hiking or biking. Adjacent sheltered coves offer secluded places to tie up, swim, and enjoy the added relaxation that privacy allows.

DAY 6: Sa Calobra to Sa Dragonera and Peguera

Sa Dragonera National Park is named for the abundant indigenous lizards that call the island home. Stay in the water and you'll see an amazing proliferation of marine life and intriguing underwater scenery. Go ashore and explore several kilometers of trails and pathways, including a route that takes you to an ancient watchtower that crowns the island. The plentiful wall lizards will crawl on your hands and arms with a little coaxing, but don't feed them!

DAY 7: Peguera to Palma

Palma de Mallorca is one of the world's most coveted luxury destinations – it's the perfect place to spend the last night of your epic Mallorca yacht charter holiday. There are dining & entertainment options around every corner, including numerous five-star establishments that cater to the luxury crowd. Treat yourself, you deserve it!
